RESPONSE TO NOTICE OF
INCOMPLETE REPLY
(NONPROVISIONAL)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

On August 30, 2001, a Response to Notice to File Missing Parts was filed, along with a three-month extension of time for the above-identified patent application. At that time, formal drawings were also included in the response, however, it has come to our attention that there was a clerical error and the incorrect application number was listed on the labels for the five (5) sheets of formal drawings (a copy is attached). The correct application number should read "09/802,017," Formal drawings showing the corrected application number are attached herewith.

After a telephone conversation to the Patent and Trademark Office, it was suggested by "Erica" of the Initial Patent Examination Division that we resubmit the corrected

formal drawings. She indicated that she requested and received the incorrect application file (for appl. no. 09/802,217) and that the drawings were in that file. She said that she would request a team leader to move the formal drawings to the correct file. However, it could take sometime for that to occur. We have enclosed a copy of the postcard (which also shows the incorrect application number), however, it does indicate that a response was filed and received by the Patent Office on September 4, 2001.

Applicant believes that no fee is required for submission of this response. However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

Chad S. Hilyard
